CLUB EXPECTATIONS:

Rotary is a Club of professional and business people dedicated to serve our communities and greater mankind. We are not a lunch club; our membership is expected to actively participate in our Club functions.

The Puyallup South Hill Rotary Club has two or three primary annual fundraising activities that provide the financial basis for nearly all of the charitable and community activities we support. Members are expected to make every effort to support and participate when possible. Members should also attempt to be active in all other Club-sponsored activities.

Attendance at Club meetings or making up missed meetings is an important part of the Rotary experience. Members are encouraged to maintain a minimum 60% attendance, including make ups and attend at least 30% to our Club's meetings per half year.

Development as a Rotarian is greatly enhanced through attendance and engagement at our annual planning meeting which is generally held in late May or early June.

Members are prohibited from using membership rosters as mailing lists to promote their personal business interests, or circulating self promoting literature or verbal promotion of their business interests at Club functions.

If accepted for membership in the Puyallup South Hill Rotary Club your annual dues are currently \$175 plus a \$35 joining fee; annual dues are prorated.

Prior to receiving your permanent membership badge you are required to attend another Cub with your sponsor, participate in one of our Club outside fundraisers if possible, act as a meeting greeter, and give a brief classification talk to Club membership during which you may also promote your personal enterprise.
