Definition of the Family Membership: A Family Membership is defined as one primary member and up to three additional members who are 18 years of age or older. The additional members can be any person related to the primary member by marriage, partnership, adoption, or birth.

Family Membership Requirements: A Rotary Family Membership will provide the opportunity for up to four members of a family to be included as club members. Each family membership will have the same rights and obligations as individual club members. The primary member will be designated by the family. The three associate members will be appointed by the primary member. It will be the responsibility of the primary member to determine how the family members will meet the attendance requirements and participate in club activities.

Cost of a Family Membership: The cost of a corporate membership is \$200 per year. The Rotary year begins July 1st and prorated dues will be billed when joining during the year. There is a one-time initiation fee of \$75 to cover the costs of new-member materials and badges.

Attendance: Attendance at Club meetings or making up missed meetings is an important part of the Rotary experience. Family members are encouraged to maintain a minimum of 60% attendance. Development as a Rotarian is greatly enhanced through attendance at Club meetings and participation in fund-raisers and Rotary events.

Permanent Membership Requirements: Prior to receiving the permanent Family Membership badge, the primary member is required to attend another Club with a designated club sponsor, act as a greeter at a Club meeting, attend a Board meeting, and give a brief classification talk to the Club membership. Additional Family Membership members are required to act as a greeter at a Club meeting and give a brief classification talk to the Club membership.
