Parking Lot Fun

Again this year, South Hill Rotarians volunteered to manage the parking lot across from the Gold Gate at the Washington State Fair. In addition, the Club managed a second lot just up the street from the Fair. Although the hours were long and our bodies were tired, we are so grateful for the many things we will be able to do for our community because of this project. Thanks to our members, friends and family who worked the lot and the community members who parked in the lot over the course of the Fair...a true partnership!
